DICKINSON COUNTY HISTORY – FOSTER CITY CEMETERY

SE ¼ of NE ¼ of Section 7, Town 41 North, Range 27 West
Breen Township, Dickinson County, Michigan

Settlers began moving to the Foster City area in about 1880 as the lumber and logging industry began establishing operations in that region. However, according to Dorothy Johnson, Breen Township clerk, when deaths occurred, the remains were taken to Felch, La Branch or Escanaba for burial, being transported to the latter location via the railroad.

Although records of the earliest burials in the Foster City Cemetery to not exist, these burials are believed to have been children. Indeed, the first six burials recorded were children, the earliest of which was on Christmas Day, 1909, when three-day-old Marion Moll, infant daughter of Dr. G.W. Moll and Isabel (Rideout) Moll, was laid to rest.

The Dickinson County Genealogical Society read the tombstones in this cemetery on September 27, 1980. The cemetery is owned by Breen Township and is active.

> *NOTE: Tombstone inscriptions have been recorded by plot, and all burials with markers are recorded together under the prevailing surname. Individual markers with different surnames are also indexed under that surname. [Am Leg = American Legion; VFW = Veteran of Foreign Wars]*
